**INDEPENDENT AUDITORS' REPORT**

To the Commissioners of  
Denton County Emergency Services District No. 1  
Argyle, Texas 76226

We have audited the accompanying financial statements of the governmental activities and each major fund of Denton County Emergency Services District No. 1 (the "District"), as of and for the year ended September 30, 2012, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2012, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and budgetary comparison information on pages 3 through 7 and 26, are not required parts of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The other supplementary information listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The other supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2012 (UNAUDITED)

---

As management of Denton County Emergency Services District No. 1, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the year ended September 30, 2012. The District has implemented Government Accounting Standards Board Statement 34 "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments". Please read this narrative in conjunction with the independent auditors' report on pages 1 and 2, and the District's Basic Financial Statements that begin on page 8.

### FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at the close of the fiscal year by \$395,273 (Total Net Assets). \$128,039 of this amount is unrestricted and may be used to meet the District's ongoing obligations and responsibilities to taxpayers and creditors.
- The District's net assets increased by \$162,154.
- At September 30, 2012, the District had a \$427,574 total fund balance in its General Fund. \$423,939 of the fund balance is unassigned, constituting 20.8% of the \$2,035,784 in General Fund expenditures for the year.

### OVERVIEW OF THE FINANCIAL STATEMENTS

The management's discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide Financial Statements:** The government-wide financial statements include the Statement of Net Assets and the Statement of Activities (on pages 8 and 9). These provide information about the activities of the District as a whole and present a longer-term view of the District's property and debt obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

The Statement of Net Assets presents information on all of the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Evaluation of the overall economic health of the District would extend to other nonfinancial factors such as diversification of the taxpayer base or the condition of District's infrastructure in addition to the financial information provided in this report.

The Statement of Activities presents information showing how the District's net assets changed during the fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. An important purpose of the design of the statement of activities is to show the financial reliance of the District's distinct activities or functions on revenues provided by the District's taxpayers.

# DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2012 (UNAUDITED)

---

With many governmental entities, the aforementioned government-wide financial statements normally identify and distinguish between either governmental activities supported by general revenues or business-type activities which are typically self-supported by user fees and charges. The District has no business-type activities.

**Fund Financial Statements:** A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Depending upon their reporting needs and requirements, governmental entities utilize three types of funds, including governmental funds, proprietary funds, and fiduciary funds. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Since the District has no legitimate need or requirement to have either proprietary or fiduciary funds, all of its funds are maintained and reported as governmental funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the reader may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains two governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, and the capital projects fund, both of which are considered to be major funds.

The governmental fund financial statements can be found on pages 10 and 12 of this report.

The District adopts an annual appropriated budget for the General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget. It can be found under the "Required Supplementary Information" section of this report.

**Notes to the Basic Financial Statements:** The notes provide narrative explanations or additional data that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 14-24 of this report.

**DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1**

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED SEPTEMBER 30, 2012  
(UNAUDITED)

---

**Other Information:** In addition to the basic financial statements and accompanying notes, this report also presents certain other supplementary information. Other supplementary information follows the required supplementary information.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

**Net Assets:** As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. As of September 30, 2012, the District's assets exceeded liabilities by \$395,273.

At September 30, 2012, \$4,478,095 in total assets were recorded. Current and other noncapital assets (cash, receivables and prepaids) represented \$4,013,719 or 89.6% of that total. \$464,376 or 10.4% of the total consisted of capital assets, the majority of which is land contributed to the District during the past fiscal year and initial costs related to a construction project occurring on the land.

Total liabilities at year-end were \$4,082,822, the majority of which consisted of long-term debt borrowed in conjunction with the current construction project.

\$128,039 of the total net assets are considered unrestricted and may be used to meet the District's ongoing obligations and responsibilities.

	Net Assets	
	<u>Governmental Activities</u>	
	2011	2012
Assets:		
Current and other assets	\$ 756,936	\$4,013,719

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2012 (UNAUDITED)

**Governmental Activities:** The following table provides a summary of the District's operations for the years ended September 30, 2011 and 2012.

	Changes in Net Assets	
	<u>2011</u>	<u>2012</u>
General Revenues:		
Property Taxes	\$1,517,979	\$1,562,339
Earned Income – Leases	25,228	21,463
Land Contribution	-	300,000
Investment Income	373	595
Total Revenues	<u>1,543,580</u>	<u>1,884,397</u>
Expenditures By Governmental Activity:		
General Government	78,860	119,432
Public Safety	1,391,358	1,536,655
Debt Service – Interest	29,290	66,156
Total Expenditures	<u>1,499,508</u>	<u>1,722,243</u>
Change In Net Assets	44,072	162,154
Net Assets – Beginning	<u>189,047</u>	<u>233,119</u>
Net Assets – Ending	<u>\$ 233,119</u>	<u>\$ 395,273</u>

### FINANCIAL ANALYSIS OF GOVERNMENTAL FUNDS

**Governmental Funds:** The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing and budgeting requirements. In particular, the unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

At September 30, 2012, the District's total governmental fund balances were \$3,770,479. Approximately 11.2% of this total amount (\$423,939) constitutes *committed, assigned and unassigned fund balance*, which is available for spending at the District's discretion. The remainder of fund balance is *nonspendable* or *restricted* to indicate that it is not available for new spending because it is already restricted to pay for capital projects (\$3,342,905) or already spent on prepaid items (\$3,635).

The general fund is the primary fund of the District. At the end of the current fiscal year, unassigned fund balance of the general fund was \$423,939, while the total fund balance was \$427,574. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to the total fund expenditures. Unassigned fund balance represents 20.8% of the total general fund expenditures, while the total fund balance represents 21.0% of that same amount.

The fund balance of the District's general fund decreased by \$201,897 during the current fiscal year, compared to a \$24,256 decrease in the previous year. The primary factor in the current year decrease was a significant increase in the dollars paid under emergency services contracts to the various fire districts that are funded, and a much smaller increase in corresponding property tax revenue for the year.

# DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1

## MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2012 (UNAUDITED)

---

The capital projects fund is new for the District in the current fiscal year. Activity for the year consists primarily of the recent borrowing of \$3,500,000 from Governmental Capital Corporation for financing of the new fire station currently under construction, less \$157,353 spent on construction-related costs. Although these and other capital expenditures reduce available fund balances, they create new assets for the District as reported in the Statement of Net Assets and discussed in Note 7 to the financial statements.

**General Fund Budgetary Highlights:** There was one amendment to the originally adopted budget during the course of the year. Actual expenditures for the year ended September 30, 2012 were \$2,035,874, which was \$333,929 or 19.6% more than the \$1,701,855 budgeted for the year. The difference consisted primarily of debt service expenditures not included in the budget. Actual revenues for the year were \$1,583,887 or 94.5% of the budgeted revenues for the year.

### **CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets:** During the year ended September 30, 2009 the District purchased an ambulance and fire engine for immediate lease to one of the emergency service districts serviced by the District. The transaction was reflected in the fund statements as a capital outlay purchase and related sale of assets under terms of the direct financing capital leases. Since September 30, 2009, the District has purchased furniture and equipment for its leased office space, and capital assets consisted solely of these items at September 30, 2011. During the year ended September 30, 2012, the District received a contribution of land valued at \$300,000 from the Argyle Fire District and began construction of a new fire station on that land. Capital assets at September 30, 2012 consist primarily of that land and construction costs in progress on the fire station project. Neither land nor construction in progress costs are depreciated. More detailed information about the District's capital assets is presented in Note 6 to the financial statements.

**Debt Administration:** At September 30, 2012 the District had \$326,419 in loans outstanding with Northstar Bank related to the purchase of the ambulance and fire engine sold under capital lease during the prior year. All of this debt was incurred in a prior fiscal year. During the current fiscal year there was debt activity related to monies borrowed and repaid under short-term loan agreements. In addition, the District borrowed \$3,500,000 long-term from Government Capital Corporation for financing of the fire station currently under construction. More detailed information about the District's short-term loans and long-term debt activity is presented in Notes 3 and 4 to the financial statements.

### **REQUEST FOR INFORMATION**

This financial report is designed to provide a general overview of the District's finances, comply with finance-related laws and regulations, and demonstrate the District's commitment to public accountability. If you have any questions about this report or would like to request additional information, contact the District's Commissioners at P.O. Box 85, Argyle, Texas 76226-0085.

Total net change in fund balances – governmental funds	\$3,141,008
Amounts reported for governmental activities in the statement of activities are different because:	
Current year capital outlays are expenditures in the fund financial statements but are shown as an increase in capital assets in the government-wide financial statements.	460,874
Depreciation is not recognized as an expense in the governmental funds since it does not require the use of current financial resources.	(1,113)
Current year proceeds from loans are reported as other financing sources in the fund financial statements but are shown as liabilities in the government-wide financial statements.	(3,750,000)
Current year debt principal payments on short-term loans and long-term debt are expenditures in the fund financial statements, but are shown as reductions in liabilities in the government-wide financial statements.	351,271
Interest is accrued on outstanding debt in the government-wide financial statements, whereas in the fund financial statements interest expenditures are reported when due.	(40,047)
The effect of the current year increase in deferred property taxes is to increase net assets	<u>161</u>
Change in net assets of governmental activities	<u>\$ 162,154</u>

The accompanying notes are an integral part of this statement.

# DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1

## NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2012

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **General**

Denton County Emergency Services District No. 1 (the "District") is a political subdivision of the State of Texas. It was created under Texas Health and Safety Code, Chapter 775 as a means to better provide public funding for suburban and rural emergency services organizations. The District was created in May, 2006 but did not begin operations until October, 2008.

The District is empowered, among other things, to support or provide local emergency services, including emergency medical services, emergency ambulance services, rural fire prevention and control services, and other emergency services as authorized by the Texas Legislature. The District may impose a sales and use tax and/or property tax to support or provide these services. In addition to other powers, the District may also own real or personal property, enter into contracts, adopt and enforce a fire code, and provide a fire marshal.

District tax revenues may be used to hire full-time emergency personnel, contract with other entities that have full-time fire and emergency medical departments, and/or purchase new equipment and facilities. The District can also contract with volunteer fire and emergency medical services departments and provide a stable funding source for those entities as well.

The District's present activities consist primarily of the levy of property taxes to generate funds that are provided under contract to emergency services departments in the areas of Argyle, Roanoke and Justin in Denton County.

#### **Reporting Entity**

In evaluating how to define the District, for financial reporting purposes, management has considered all potential component units. The decision not to include a potential component unit in the reporting entity was made by applying the criterion set forth by the Governmental Accounting Standards Board. The basic, but not the only criterion, for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to influence operations, and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities. Based upon the application of these criteria, no potential component units have been included in this report. The District has no ability to exercise influence or control over any other government unit's operations, budgets, or funding. There are no entities that are potential component units based on the above criteria.

**DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1**

NOTES TO FINANCIAL STATEMENTS (continued)  
SEPTEMBER 30, 2012

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Basis of Presentation**

The government-wide financial statements (the statement of net assets and the statement of changes in net assets) report information on all of the activities of the District. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Other items not properly included among program revenues are reported instead as general revenues. The District had no program revenues.

**Fund Financial Statements:**

The District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental and proprietary activities. These statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column. The District has no proprietary activities, or non-major funds.

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The District has presented the following major governmental funds:

**General Fund**

The General Fund is the main operating fund of the District. This fund is used to account for the acquisition and use of the District's expendable financial resources and the related liabilities. The measurement focus is based upon determination of changes in financial position rather than upon net income determination.

**Capital Projects Fund**

The Capital Projects Fund is used to account for proceeds from the sale of bonds or other borrowings to be used for Board-authorized acquisition, construction or renovation projects, as well as furnishing and equipping of major capital facilities.

NOTES TO FINANCIAL STATEMENTS (continued)  
SEPTEMBER 30, 2012

---

## **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **Measurement Focus/Basis of Accounting**

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net assets and the operating statements present increases (revenues) and decreases (expenses) in net total assets. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures are recorded only when payment is due.

Investment income is recorded as earned, since it is measurable and available.

### **Budgetary Data**

The District uses the following procedures in establishing the budget reflected in the general purpose financial statements:

1. Prior to the beginning of each fiscal year, the Commissioners are presented with a proposed budget for the year beginning on the following October 1. The budget includes proposed expenditures and the means of financing them. The budget is legally enacted through passage of a resolution.
2. An annual budget is legally adopted for the General Fund. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America.
3. Revisions to the budget that alter General Fund expenditures must be approved by the Commissioners. The fund level is the legal level of budgetary control. Appropriations lapse at year-end.

# **DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1**

NOTES TO FINANCIAL STATEMENTS (continued)  
SEPTEMBER 30, 2012

---

## **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

4. Original budgeted amounts presented in the budgetary comparison schedule are as originally adopted by the Commissioners. The final amended budget reflects any amendments approved by the Commissioners during the year.

### **Capital Assets**

Capital assets are reported in government-wide financial statements. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenses. Renewals and betterments are capitalized.

Assets capitalized have an original cost of \$500 or more and over one year of useful life. Depreciation is calculated on each class of depreciable property using the straight-line method. During the year ended September 30, 2009 the District purchased an ambulance and fire engine for immediate lease to the Argyle Volunteer Fire District under terms of a direct financing capital lease (see Note 5), and it was treated as a related sale of assets at that time under terms of the leases.

### **Cash and Cash Equivalents**

The District's cash and cash equivalents consist of demand deposits, money market accounts, and short-term investments with original maturities of three months or less from the date of acquisition.

### **Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

### **Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

## **NOTE 2. FUND BALANCE**

Beginning with the fiscal year ending September 30, 2011, the District implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent.

## DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS (continued)  
SEPTEMBER 30, 2012

---

### **NOTE 2. FUND BALANCE (Continued)**

Fund Balance Classification: The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The District has classified prepaid items as being nonspendable as these items are not expected to be converted to cash.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Debt service resources are to be used for future servicing of the District's bonded debt and are restricted through debt covenants. Capital projects fund resources are to be used for future construction projects and are restricted through terms established in the borrowing agreement.
- Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District's Commissioners. The Commissioners establish (and modify or rescind) fund balance commitments by passage of a resolution. This can also be done through adoption and amendment of the budget. These amounts cannot be used for any other purpose unless the Commissioners remove or change the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The District has no committed resources as of September 30, 2012.
- Assigned: This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent is expressed by the Commissioners. The District had no assigned fund balance as of September 30, 2012.
- Unassigned: This classification includes all amounts not included in other spendable classifications, including the residual fund balance for the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Commissioners have provided otherwise in its commitment or assignment actions.

# DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS (continued)  
SEPTEMBER 30, 2012

---

## **NOTE 3 – DEPOSITS AND INVESTMENTS WITH FINANCIAL INSTITUTIONS**

The District's funds are required to be deposited and invested under the terms of a depository agreement. The depository bank should deposit for safekeeping and trust with the District's agent bank approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the agreement. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

### **1. Cash Deposits:**

At September 30, 2012, the carrying amount of the District's deposits in checking accounts and interest-bearing accounts was \$3,202,776 and the bank balance was \$3,202,789. The District's cash deposits at September 30, 2012 were entirely covered by FDIC insurance. There were times during the year when the District's deposits and interest-bearing accounts exceeded the amount covered by FDIC insurance, but the excess was secured by a letter of credit pledged by the District's depository bank.

### **2. Investments:**

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the District to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the District to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptance, (7) mutual funds, (8) Investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the District to have independent auditors perform test procedures related to investment practices as provided by the Act. The District is in substantial compliance with the requirements of the Act and with local policies.

In compliance with the Public Funds Investment Act, the District has adopted a deposit and investment policy. That policy addresses the following risks:

- a. Custodial Credit Risk – Deposits: In the case of deposits, this is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. As of September 30, 2012, the District's cash balances totaled \$3,202,789. This entire amount was either secured by a letter of credit held by the District's financial institution's agent in the District's name or covered by FDIC insurance. Thus, the District's deposits are not exposed to custodial credit risk.

# DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1

NOTES TO FINANCIAL STATEMENTS (continued)  
SEPTEMBER 30, 2012

---

## **NOTE 3 – DEPOSITS AND INVESTMENTS WITH FINANCIAL INSTITUTIONS (Continued)**

- b. Custodial Credit Risk – Investments: For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At September 30, 2012, the District was not exposed to custodial credit risk.
- c. Credit Risk – This is the risk that an issuer or other counterparty to an investment will be unable to fulfill its obligations. The District controls and monitors this risk by purchasing quality rated instruments that have been evaluated by agencies such as Standard and Poor's or Moody's Investors Service. The District's policy manages credit risk by authorizing only the safest types of investments backed by the federal or state government or their obligations and/or with ratings from nationally recognized rating firms of at least A or its equivalent. The District was not exposed to credit risk at September 30, 2012.
- d. Interest Rate Risk – This is the risk that changes in interest rates will adversely affect the fair value of an investment. The District manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to less than one year from the time of purchase. The District was not exposed to interest rate risk at September 30, 2012.
- e. Foreign Currency Risk – This is the risk that exchange rates will adversely affect the fair value of an investment. At September 30, 2012, the District was not exposed to foreign currency risk.
- f. Concentration of Credit Risk – This is the risk of loss attributed to the magnitude of the District's investment in a single issuer (i.e., lack of diversification). Concentration risk is defined as positions of 5 percent or more in the securities of a single issuer. At September 30, 2012, the District held 68.86% of its total investments in a certificate of deposit at Huntington National Bank, Columbus, OH and 31.14% of its total investments in a certificate of deposit at Private Bank and Trust Company, Chicago, IL.

## **NOTE 4 – SHORT-TERM LOANS**

The District has secured a \$250,000 revolving line of credit at Northstar Bank that can be drawn on as needed to provide funds prior to the receipt of property tax collections each year.

The following is a summary of the changes in the District's short-term loans for the year ended September 30, 2012.

Amounts outstanding September 30, 2011	\$ -0-
Loan proceeds	250,000
Loan principal payments	<u>(250,000)</u>
Amounts outstanding September 30, 2012	<u>\$ -0-</u>

**DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1**

NOTES TO FINANCIAL STATEMENTS (continued)  
SEPTEMBER 30, 2012

**NOTE 5 – LONG-TERM DEBT**

In conjunction with the purchase and subsequent lease of the ambulance and fire engine described in Note 5, the District obtained financing for those purchases through loans at Northstar Bank. During the current fiscal year, the District obtained financing through Government Capital Corporation for financing of the new fire station under construction. The following is a summary of the changes in the District's long-term debt activity for the year ended September 30, 2012:

Description	Interest Rate	Balance 10/1/2011	Additions	Retirements	Balance 9/30/2012	Due Within One Year
Ambulance note	5.00%	\$ 62,957	\$ -	\$ 62,957	\$ -	\$ -
Fire engine note	5.00%	364,733	-	38,314	326,419	40,274
Gov't Capital Corp note	4.135%	-	3,500,000	-	3,500,000	121,498
TOTAL		<u>\$ 427,690</u>	<u>\$ 3,500,000</u>	<u>\$ 101,271</u>	<u>\$ 3,826,419</u>	<u>\$ 161,772</u>

All long-term debt represents transactions in the District's governmental activities. Payments on the equipment note will be made from related amounts received from lease of the vehicle. Payments on the Government Capital Corporation note will be funded from tax revenues of the District.

Debt service requirements to maturity on the equipment note is as follows:

Year Ended September 30	Principal	Interest	Total Requirements
2013	\$ 40,274	\$ 16,321	\$ 56,595
2014	42,288	14,307	56,595
2015	44,402	12,193	56,595
2016	46,622	9,973	56,595
2017	48,953	7,642	56,595
2018-2019	103,880	7,818	111,698
	<u>\$ 326,419</u>	<u>\$ 68,254</u>	<u>\$ 394,673</u>

**DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1**

NOTES TO FINANCIAL STATEMENTS (continued)  
SEPTEMBER 30, 2012

**NOTE 5 – LONG-TERM DEBT (Continued)**

Debt service requirements to maturity on the Government Capital Corporation note is as follows:

Year Ended September 30	Principal	Interest	Total Requirements
2013	\$ 121,498	\$ 138,695	\$ 260,193
2014	120,492	139,701	260,193
2015	125,474	134,719	260,193
2016	130,663	129,530	260,193
2017	136,065	124,128	260,193
2018-2022	769,522	531,443	1,300,965
2023-2027	942,333	358,632	1,300,965
2028-2032	1,153,953	147,012	1,300,965
	<u>\$ 3,500,000</u>	<u>\$ 1,703,860</u>	<u>\$ 5,203,860</u>

**NOTE 6 – DIRECT FINANCING LEASES**

During the year ended September 30, 2009 the District entered into two direct financing leases with the Argyle Volunteer Fire District ("Argyle") to provide Argyle with an ambulance and fire engine. The District purchased each vehicle and subsequently leased them to Argyle under terms that classify the lease as a capital lease. The ambulance is leased to Argyle for four years at an annual lease payment of \$33,910. The fire engine is leased for ten years at an annual lease payment of \$56,595. The terms of both leases were structured to agree to the financing terms payable by the District to Northstar Bank on loans related to the initial purchase of the vehicles by the District. Both leases have a bargain purchase option at the end of the initial lease term.

The following lists the components of the net investment in the District's direct financing leases as of September 30, 2012:

	Ambulance	Fire Engine	Total
Total minimum lease payments to be received	\$ 33,910	\$396,165	\$430,075
Less: amounts representing estimated executory costs (such as taxes, insurance, maintenance) included in total minimum lease payments	<u>0</u>	<u>0</u>	<u>0</u>
Minimum lease payments receivable	33,910	396,165	430,075
Less: allowance for uncollectibles	<u>0</u>	<u>0</u>	<u>0</u>
Net minimum lease payments receivable	33,910	396,165	430,075
Less: unearned income	<u>(1,680)</u>	<u>(69,746)</u>	<u>(71,426)</u>
Net investment in direct financing leases	<u>\$ 32,230</u>	<u>\$326,419</u>	<u>\$358,649</u>

**DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1**

NOTES TO FINANCIAL STATEMENTS (continued)  
SEPTEMBER 30, 2012

**NOTE 6 – DIRECT FINANCING LEASES (Continued)**

Future minimum lease payments to be received under the terms of the District's direct financing lease as of September 30, 2012 are as follows:

Year Ended September	Amount
2013	\$ 90,505
2014	56,595
2015	56,595
2016	56,595
2017	56,595
2018-2019	<u>113,190</u>
Total	<u>\$ 430,075</u>

**NOTE 7 – CAPITAL ASSETS**

Capital asset activity for the year ended September 30, 2012 was as follows:

	Balance October 1, <u>2011</u>	<u>Additions</u>	<u>Retirements</u>	Balance September 30, <u>2012</u>
Governmental Activities:				
Capital assets not being depreciated:				
Land	\$ -	\$303,521	\$ -	\$303,521
Construction in progress	-	<u>157,353</u>	-	<u>157,353</u>
Total capital assets not being depreciated	-	<u>460,874</u>	-	<u>460,874</u>
Capital assets being depreciated:				
Furniture and equipment	<u>5,562</u>	-	-	<u>5,562</u>
Total capital assets being depreciated	<u>5,562</u>	-	-	<u>5,562</u>
Less accumulated depreciation for:				
Furniture and equipment	<u>(947)</u>	<u>(1,113)</u>	-	<u>(2,060)</u>
Total accumulated depreciation	<u>(947)</u>	<u>(1,113)</u>	-	<u>(2,060)</u>
Total capital assets being depreciated, net	<u>4,615</u>	<u>(1,113)</u>	-	<u>3,502</u>
Governmental activities capital assets, net	<u>\$ 4,615</u>	<u>\$459,761</u>	<u>\$ -</u>	<u>\$464,376</u>

Depreciation expense was charged as a general government expense of the District. Land and construction in progress are not depreciated.

**DENTON COUNTY EMERGENCY SERVICES DISTRICT NO. 1**

NOTES TO FINANCIAL STATEMENTS (continued)  
SEPTEMBER 30, 2012

---

**NOTE 8 – PROPERTY TAX REVENUE**

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and are due and payable at that time. A receivable is created on October 1 and is recorded at that time. All unpaid taxes levied October 1 become delinquent February 1 of the following year. The District records revenue from current property taxes in the year in which the tax collections are measurable and available.

During the year ended September 30, 2012, the District levied an ad valorem debt service tax at the rate of \$.10 per \$100 of assessed valuation, which resulted in a tax levy of \$1,548,764 on the adjusted taxable valuation of \$1,548,763,680 for the 2011 tax year.

**NOTE 9 – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts theft of, damage to and destruction of assets; errors and omissions; and natural disasters. During fiscal year 2012, the District did not carry commercial insurance to cover general liabilities.

**NOTE 10 – CONTRACTS FOR EMERGENCY SERVICES**

In October, 2007, the District entered into agreements with the Argyle Volunteer Fire District, the City of Roanoke and the Justin Volunteer Fire Department for fire and emergency medical services protection. The term of each agreement was one year, with a provision for automatic renewal for two additional one year terms. Under the terms of each agreement, the emergency services provider agreed to provide fire services and EMS services to the District. In return, the District agreed to provide funding for such services on a quarterly basis from the tax revenues generated by the District.

**NOTE 11 – COMMITMENTS UNDER LEASES**

In February, 2010 the District entered into an agreement for the lease of office space. Commitments under this operating (noncapitalized) lease agreement provide for minimum future rental payments as follows:

<u>Year Ended</u>	
9/30/13	\$ 5,942
Total Minimum Rentals	<u>\$ 5,942</u>
Rental Expenditures in Fiscal Year 2012	<u>\$ 14,097</u>
